

Intelligent Solutions for Small Business

Unparalleled Expertise

CSI helps small and midsize businesses eliminate IT worries and reduce maintenance efforts with seamless, scalable solutions built on the expertise we've established over the last 30 years.

We understand the unique challenges you face staying focused on your business, and we take a proactive approach to ensure your IT infrastructure is working at maximum efficiency. We explain all work performed and the benefits provided, and we suggest preventive measures for the future whenever possible.

We can help meet your business challenges with solutions such as:

- Communications/E-Mail
- Integrated Wireless
- Proactive Network Management & Support
- Security/Remote Access
- Server Virtualization
- Storage and Disaster Recovery

At CSI, training is a constant priority — our technicians hold an impressive list of certifications, ensuring the work we do for you is of the utmost quality. A complete list of our certifications can be found on our web site.

By partnering with CSI, you know the job will be done right the first time, every time, with minimal interruption of daily operations. With CSI you'll never have to go it alone.

That's our promise.
